### Stohler Memorial Fund

The Board of Directors of *The Veliger* met recently and discussed options for honoring Dr. Rudolf Stohler, *The Veliger's* Founding Editor. It was the Board's decision to create a memorial fund and invite members and friends to make contributions in Dr. Stohler's memory. Donations to the Stohler Memorial Fund will be used to enhance the endowment that provides grants to students with limited resources to cover their page charges. As Dr. Stohler provided many young malacologists with their first opportunity to publish in a scientific journal in the pages of *The Veliger*, this seems a most fitting tribute to his memory.

Tax-deductible contributions may be directed to:
